Dear Student/Parent/Guardian

Checkpoint Secondary 1 exams are released via the Secondary 1 website for internal assessment to CIE and Associate Schools who are accredited with permissions to administer these as per Cambridge International Examinations.

CL Education, ZA272, has access to these internal tests to administer in the same year of release.

Checkpoint learner assessments test the skills, knowledge and understanding for stages 7,8 and 9 of the curriculum for English, Mathematics and Science.

When should I write Checkpoint exams/assessments?

These assessments can be written at the end of the Stage 7, Stage 8 and Stage 9 levels or only once the Stage 9 level has been completed.

The assessments are not compulsory, but are highly recommended as they highlight strengths and weaknesses and therefore provide the tutors with the necessary information to assist the students effectively.

Once the content of a level (or stage) has been completed the student can register to write his/her exams in the upcoming exam session, whether it be June or November, it does not matter.

How do I register?

1. Complete the [online registration form](#).
2. A quote will be sent to you. (Please e-mail cleducation@cledu.org or leanne@admin4you.co.za or if you haven't received a quote within a week of completing the online registration).
3. Send the proof of payment through to cleducation@cledu.org or leanne@admin4you.co.za
4. You will receive an e-mail confirming your registration.

How do the Checkpoint exams work?

- Exams are e-mailed to the parent (45 min prior to exam).
- The parent/invigilator is responsible for printing the exam in time.
- The parent/invigilator needs to ensure exams are written under strict exam conditions (NO assistance).
- Once completed the exam is immediately scanned in and sent to lydon.smit@cleducation.co.za and cleducation@cledu.org via e-mail.
- After all exams were written the originals are couriered to CL Education.

Individual subjects can be selected or all can be written. The choice is yours entirely.

Should you wish to write Commerce, please contact cleducation@cledu.org.
